## Fee Cards for

### Riverwoods, Bannockburn, & Unincorporated Deerfield Public Library

There are two ways to become a cardholder of the Deerfield Public Library. If a person lives in incorporated Deerfield, he or she is tax is collected for library services with other real estate taxes. Residents of Riverwoods, Bannockburn, or unincorporated Deerfield are not taxed and may choose to purchase the service.

State law uses the resident's high school district (District 113 for these areas) to determine the public library he or she must use (Deerfield Public Library).

#### Procedure to obtain a Deerfield Public Library Card:

Residents must present a current real estate tax bill to the Circulation Department. The cost of library service is determined by the equalized assessed value (EAV) on the tax bill multiplied by the current tax rate for library service for Deerfield tax payers. The EAV of the resident's home and property is approximately 1/3 of the real estate value. A chart with calculations of the cost for library service is available at the Circulation Desk.

#### Card holder privileges:

By law, library service must be purchased or renewed annually. Purchased cards expire each year and may be reissued in subsequent years. The expiration date appears on the back of the library card. Full privileges are given to all members in a card holders household who are 5 years of age and older. Deerfield Public Library cards may be used at ANY area library (except Warren Newport in Gurnee.)

#### Forms of Payment:

Deerfield Public Library accepts payment in the form of cash, check, or credit card. Library cards must be paid in full at the time of purchase. Additional cards are available for any family members at the same address for no additional charge.

## Tax Rate Card Price SAMPLE Schedule

Effective: May 1, 2012

The library card price is determined by the tax rate using the same formula as is used for any resident of the Village of Deerfield.

The current taxes paid for the Library is assessed at a rate of 0.282 per \$100 of the tax value

This rate is applied to the taxable valuation, or equalized assessed value (EAV), portion of the property tax bill.

*EAV approx. equal to 1/3 real estate value!*

This table is only for illustrative purposes. The actual cost is based on the rate X Actual EAV!

*Includes (all family members) unlimited usage for one year. sample*

EAV (Tax Value)		Real Estate Value		Library Card Estimate Amount
From:	To:	From:	To:	
100,000	200,000	300,000	600,000	\$ 282.00
